

Q-Why a club membership?

A-We encourage all our patients to have a healthy skin care & wellness regimen. Club membership allows you to stay on track while budgeting your time and money. Membership is an investment in a healthy, happier you.

Q-Why sign up with our office?

A-The selection of services are corrective, preventative and focus on multiple facial and therapeutic concerns at a more affordable, discounted price. Our experienced staff are trained to provide treatments safely and expertly to help you reach your skin care and wellness goals.

Q-How much is a membership?

A-\$125.00 per month or \$1,500.00 advance payment for full year contract or \$150.00 per month or \$900.00.

Q- I can't make it every month, what happens to the month I missed?

Our Healthy Skin Care & Wellness Club is designed to help you achieve healthy looking skin and optimal wellness on a regular, monthly basis and it is important to keep on a monthly "self-care" schedule. For that reason, if you miss your monthly appointment, you will lose it.

Q-Why a monthly plan?

A-Our skin cells regenerate about every 30 days. Monthly treatments allow you to maintain the integrity of your skin and also improve texture, tone and overall look of your skin. Monthly therapeutic massage benefits both body & mind by increasing circulation and muscle mobility as well as decreasing levels of stress.

Q-How long is my commitment?

A-Six months or one year, depending on the membership you choose.

Q-How are my payments processed?

A-We auto-charge a credit card or debit card of your choice the 1st of every month every month of the 6 month or 1-Year Membership. A confirmation receipt will be given to you at your next visit.

Q-Can I pay for the year membership all at once?

A-Yes. Anyone wishing to pay in full is welcome to. Those who do will also receive a gift from our Estheticians to assist with their home skin care regimen.

Q- How do I enroll?

A-We welcome you to visit our office and sign up. All you need is a valid photo ID, and a credit or debit card.

- ◆ Give a gift to a friend—Ask about how you can save money with our Refer-A-Friend Program!

Endermologie®

Endermologie® provides non-invasive multi-dimensional stimulation on the skin's surface to support collagen production. This treatment is ideal for reducing fine lines and wrinkles, laxity and dullness.

SkinMedica® Illuminize Peel

A superficial chemical peel for mild imperfections to enhance your skin and provide radiance and a healthy glow.

SkinMedica® Vitalize Peel

A deeper chemical peel for mild to moderate skin imperfections. Two days post treatment your skin cells will begin to turnover (your skin will peel) for three to five days. This treatment will help improve hyperpigmentation, provide more even skin tone and reduce the appearance of fine lines and wrinkles.

Microdermabrasion with Infusion

DiamondTome® exfoliation uses crystal free diamond tipped wands to remove the outer layer of dead skin for smoother texture and promote growth of healthy new skin cells. After exfoliation your skin will receive an additional therapy using serums and the new Hydro Wand infusion system to allow deeper product penetration and better results than standard microdermabrasion.

You may choose one of the following infusion serums:

Acne • Deep Hydration • Brightening • Vitamin C

Laser Genesis V

Genesis V® is a non-invasive, non-ablative laser facial which gently warms the skin's surface to promote collagen growth. This amazing laser therapy safely, naturally and effectively treats fine lines, wrinkles, reduces redness, scars, pigmentation concerns, reduces pore size and stimulates superficial collagen. There is no down time.

Sclerotherapy

This treatment minimizes or eliminates leg spider veins by using fine needle injections.

Glycolic Peel with Dermaplaning

Glycolic Peel is a three step procedure combining exfoliation, chemical peel and cryogenic therapy. Dermaplaning is a cosmetic procedure that removes the top layers of your skin, including "peach fuzz" hairs. It also helps to remove fine wrinkles and deep acne scarring, leaving the skin smooth and clear.

Hydra-Radiance Total Body Treatment

You will be firmer and brighter from head to toe with our Hydra-Radiance Total Body Treatment. Relax & rejuvenate with this custom exfoliation and full body hydration treatment. A physical exfoliation & luxurious botanical wrap will encourage cell-turnover and restore radiance to the skin. We recommend monthly treatments for optimal results. Includes optional mini face or scalp massage.

Body Endermologie® Cellulite Treatment

This innovative cellulite reduction system helps you reduce the appearance of cellulite. This machine massage therapy treatment can improve radiance in the skin and even relieve minor aches and pains in the treated area. Ours is the only Endermologie treatment center in the Albany/Capital District region.

Massage Therapy

Our Massage Therapists are truly passionate about creating a customized massage treatment for you. Whether you prefer Swedish massage with long, sweeping strokes to aide in relaxation with light to firm pressure or Deep Tissue massage to spot-treat stubborn knots with more intense pressure, you're sure to leave our MediSpa feeling restored and de-stressed.
